Director of Training and Education

SUBJECT: Appreciation for Speakers from the Office of
Scientific and Weapons Research

1. On behalf of our Intelligence Training Division, I want to thank you for providing valuable substantive support to our Regional and Societal Training Program over the past year. In response to a suggestion from the Directorate of Science and Technology, we have increased our courses' coverage of scientific and technical development in different world regions, and we particularly appreciate OSWR's providing speakers for these topics.

2. Despite their heavy workloads, the following OSWR professionals gave presentations for several of our courses:

3. We are also currently in the process of consulting with the Intelligence Directorate to learn what kind of training on regional and societal issues is most needed and we will be checking with OSWR analysts and managers as the process continues.

4. The Regional and Societal Training Program depends on support by the Intelligence Directorate, and we hope we can count on continued participation by the Office of Scientific and Weapons Research in the coming year.
